

Document Shredding Paper Event

The Paper Shredding Service for our residents of Rarity Bay is held two times a year. In the spring, usually in March, it is held in the Club's parking lot, next to the road. In the fall, usually in October, it is held in the parking lot at the Bay View Villas. The start time is usually around 9am and continues until noon.

On that day, residents may bring up to ten containers or bundles of paper to shred. Staples may be left in but no spiral binders.

Place bundles in line as you arrive, and they will be shredded in that order. You can wait or leave your paper to shred, and the staff of the Loudon County Convenience Center will both shred and dispose of the shredded paper. Containers left will be disposed unless you mark them with your name and save. Retrieve them before noon. .

Note: This is for shredding documents only and not for magazines or other paper recycling.
